AMBER HALL

The owner of online boutique Minibots is mum to Sebastian, 6, and Olivia, 2. Her third baby is due in July.

DECOR

Bas and Olivia each have a Castle cushion to sit on for play time (1).

BEAUTY SPLURGE

The La Prairie Cellular Revitalizing Eye Gel gets rid of puffiness, fine lines and dark under-eye circles from a disturbed night's sleep (2).

BABY FASHION

With a baby on the way, this New Generals number is definitely my favourite romper from the Minibots range. Super cool and edgy (3).

APPLIANCE

We love to cook together as a family, especially yummy cupcakes. Our KitchenAid Artisan Mixer makes cooking a breeze (4).

FASHION

This Alessa dress is a versatile and extremely flattering piece which can work in both winter and summer (5).

STATIONERY

Parlour Magic alphabet discs are great to personalise a gift or to teach the alphabet to your children (6).

STORAGE SOLUTION

With so much Lego in our home, it was wonderful to find this cute Lego-specific storage solution. Sebastian loves it too (7).

MUSIC

Our little ones love grooving to the songs "Everything Goes My Way" and "The Bay" from *The English Riviera* by Metronomy (8).

TOY

An enchanting collectible bucket, perfect for play on the beach or in the garden. It's beautifully illustrated by Nathalie Lete (9).

HOUSEWORK ESSENTIAL

Using the stylish Ole Jensen dustpan and broom makes cleaning on a daily basis much more enjoyable (10).

APP

The iF Poems app for iPad has a wonderful collection of poems for school-age children and adults of all ages (11).

LUNCH HELPER

These sandwich keepers come in a different colour for each day of the school week, making lunch time fun and eco friendly (12).

All my stuff

SUEANNE BROWNHILL

The co-founder of the bedSOK has two kids, Ollie, 2, and Claudia, 10 months.

ANTI-AGER

I'm a convert to Slip pillowcases. Silk does wonders for my bed hair – and apparently helps with facial lines. Watch this space... (1).

KEEPSAKE

I love personalised jewellery so I combine Ollie and Claudia's initials from the Palas initials range with a variety of inspiring charms (2).

KITCHEN ALL-ROUNDER

We use our Le Creuset French oven from the stove top, to the oven, to the table, to the dishwasher (3).

FOOTWEAR

Ollie has worn the Walnut Cruise shoes since he started walking, so I bought the ballet flats for myself – they are a dream to wear (4).

STATIONERY

I always find myself in Kikki.K whenever I'm in need of a quick pick me up. I especially love their range of memory books (5).

BIKE

Ollie loves the freedom of his Janod balance bike (6).

BED LINEN

The bedSOK is zip-up and stay-on bedding, like a sleeping bag for beds. It gives me peace of mind to know we've created something that keeps the kids safe and snug (7).

BEAUTY MUST-HAVE

Pawpaw cream has been my answer for everything, but now I love to mix it up with Burt's Bees Body Lotion as a quick fix for dry skin (8).

FUTURE HEIRLOOM

Claudia's my ticket to indulge in all things pretty, so I started her a collection from the Wedgwood Butterfly Bloom range (9).

BABY GEAR

The Baby Björn Babysitter bouncer is so light and portable that we take it almost everywhere. Claudia happily bounces away next to us (10).

TOY

The wooden bulldozers and diggers from Edtoy are fantastic for honing creativity and look great on display in their rooms (11).
